ABOUT US

WELCOME TO GANGA COMPUTERISED ORGANIZATION

Established in 2007 and registered (Regd. NO. 49//28//05/07 08), our organization is dedicated to empowering youth through computer education and physical fitness, fostering skills and opportunities for a brighter future across India.

Founded and registered by the Haryana government, our organization is dedicated to transforming lives through education and empowerment. As an ISO 9001:2015 certified entity, we adhere to the highest standards of quality in our initiatives. Our mission is to promote computer education across India, aiming to reach 10,000 youth. We believe that access to technology is a vital stepping stone for the future, which is why we are committed to distributing free computers to 5,000 students and establishing 1,000 free business setup for unemployed youth to provide computer coaching to students.

In addition to our focus on technology, we recognize the importance of physical fitness and personal development. We engage with communities at the grassroots level, offering coaching in various sports and physical activities, including gym training, kabbadi, badminton, and more. Our holistic approach also prepares youth for government job exams, equipping them with the skills they need to succeed.

COMPUTERISED ORGANIZATION

FROM FOUNDER'S DEKS

Dear Friends,

Welcome to Ganga Computerised Organization!

When we began this journey in 2007, our vision was simple yet powerful: to empower individuals through education and skills development. Over the years, we have worked tirelessly to transform this vision into reality by reaching the grassroots level and providing opportunities to those who need them the most.

We firmly believe that **education is the cornerstone of progress**. In today's digital age, computer literacy is not a luxury—it is a necessity. By providing **high-quality computer education, free business setups**, and resources like **computers**, we aim to equip youth with the tools they need to build brighter futures for themselves and their communities.

But our mission goes beyond academics. We understand the importance of **holistic development**, which is why we also focus on **physical fitness and sports training**. From coaching in kabbadi and badminton to preparing for government job exams, we strive to nurture well-rounded individuals who are not only skilled but also resilient and confident.

GANGA

COMPUTERISED ORGANIZATION

FROM FOUNDER'S DEKS

Our goal is ambitious—to **skillfully educate and empower 10,000 youth across India**, create **1,000 thriving business setups**, and foster a sense of self-reliance in every village and city. But with your support, I am confident that we can achieve this and more.

To all the unemployed individuals with a passion for education and a desire to bring change to society: this is your opportunity. Let us stand together to build a nation that thrives on **technical education, self-reliance, and unwavering determination**.

Thank you for being a part of this journey. Let's continue to dream big and work hard for a stronger, better India.

Warm regards,
[GANGA BISHAN POSWAL]

COMPUTERISED ORGANIZATION

OUR MISSION

Our mission is to promote computer education all over India. Through our scheme we will provide computer education to 10000 youth across the country. The target to do this is by 2024-26.

And through this scheme free computers are to be distributed to about 5000 students. Apart from this the institute will provide 1000 free computer center to unemployed youth so that technical education can be promoted or new jobs can be created.

The society is also working at the grassroots level for physical education, preparing for gym, kabbadi, running, badminton, volleyball etc. Through this, youth are being given physical or government exam coaching for government jobs.

This work is being completed through both online and offline mediums as per work.
